

## **Affiliate Guidelines – Make It Artful Collection**

### **1. Use of Images & Materials**

All images and videos are original works created by the artist and are provided exclusively for the promotion of the Make It Artful Collection. Affiliates may use the provided creatives in ads, landing pages, and social media related to this product.

Affiliates may not resell or redistribute the images as standalone products, offer the images as free downloads, or claim authorship or exclusive ownership of the artwork. These materials are provided for promotional use only.

### **2. Honest & Responsible Promotion**

This product encourages creative practice and confidence. Even without knowing how to paint, a person can create a work they will genuinely be proud of. What we offer is the experience of creating — not a promise of perfection.

So please avoid claims such as: “You will become an artist”, “You will learn to draw”, “Nothing can go wrong”, or “Guaranteed results”. Art involves experimentation. Mistakes are part of the creative process.

### **3. What This Product Provides**

Make It Artful offers visual references, creative inspiration, and practical guidance for beginners. It does not promise mastery or professional artistic results.

### **4. ClickBank Compliance Reminder**

ClickBank requires truthful, non-misleading promotion. Please avoid exaggerated promises, unrealistic expectations, or absolute guarantees. Compliance protects everyone involved and is important to us.

### **5. Support & Questions**

If you are unsure about claims or material usage, please contact us before publishing.
